

## Lever Taps & Cocks

Lever Taps are precision manufactured and ground to ensure positive shut off action. They are available in sizes ranging from 1/8" to 1/2", and are manufactured from high quality grade brass alloy.

### **ADVANTAGES**

Lever Taps are compact and particularly suitable for confined spaces. Ground spindle and seat provide good metal to metal sealing properties.

### **APPLICATIONS**

Use where lower pressures exist and precise volume/pressure control is not required. Suitable for fuel, air and water.

### **WORKING PRESSURES**

Lever Taps should be used where pressures do not exceed 825 kPa [120 PSI].
